The importance of Religious Education

Religious Education is compulsory at the College. It invites young people to explore the contemporary world from a Catholic perspective. It builds character through learning about God, Jesus, the Catholic faith tradition and growing personally through reflection and action. An alternative Religious Education option for all students at the Kildare Campus is to join the Liturgy stream. Liturgy can be chosen instead of the Year 10 core RE program. The Liturgy students work as a liturgical choir. This program is renowned across Gippsland and beyond as an outstanding model of prayer in action. It is an ideal RE option for students with any type of interest in music or singing to develop their skills in these areas whilst they make a meaningful contribution to the liturgical life of our College and wider community. The Liturgy stream actively participates in our College masses and liturgies throughout the year. In addition to the scheduled class times, Liturgy students also commit to attending a weekly rehearsal before school time. Our Liturgy students have been invited to be involved in a variety of performance and recording projects in recent years and in 2016 our Liturgy students conducted a tour to Canberra. It is a great option for students who have been involved in the co-curricular music program at the junior campus and also students who prefer a more practical and active way of engaging with their learning.
